

Proposed updated Vision and Mission Statements to be voted on in the May 2023 Annual Meeting:

Vision

We aspire to be a generous, loving, and diverse intergenerational community that fosters and celebrates free religious exploration and expression, inspires spiritual growth, appreciates the gifts people share, and encourages lives of integrity, joy, and service to our congregation, our community, and our world.

Mission

We are a free and diverse, multi-generational spiritual community promoting liberal religious exploration in a congregation governed by democratic principles, and committed to stewardship, friendship, and shared ministry, as we live out our Unitarian Universalist values.
